

MACHINE VISION FOR CAN & PACKAGING

When Perfect Quality counts...

... Fully automatic Visual Inspection
to meet Your Requirements

CAN  **expert**

ISRA
VISION

The **leading edge** can inspection makes your product the best

Performance Features

- High Resolution
- High Accuracy
- High Speed
- High Reliability
- High Yield
- Modular System Concept
- Customizable User Interface
- Fast Access Buttons
- User Management
- Extensive Statistics
- State of the Art Database & Network Design

Benefits

- High Accuracy Coverage of the Can Interior
- Measurement of Neck & Flange
- Identification of the Body Maker Number
- Offline Programming
- Remote Parameterization
- Detailed Statistical Data
- Production and Maintenance oriented Graphics
- Defect Classification

World class automation

ISRA VISION has been a leading supplier of high-performance quality inspection, robot guidance and production logistics systems for more than 20 years.

These systems are used all over the world in such industries as automotive, tier 1 automotive suppliers, packaging, aerospace, food, logistics, mechanical & plant engineering, and robotics. Our goal is to offer a complete portfolio of standard solutions which meet the full spectrum of requirements along the entire process chain.

Thousands of successful installations worldwide demonstrate ISRA's experience and technological expertise in machine vision.

A summary of the advantages

Customers choose ISRA over the competition for the following reasons:

- Our development activities are fully focused on the needs of our customers.
- We consistently invest in our own know-how in all of the core areas of machine vision.
- At our company, the customer relationship does not end when a new system leaves our shipping dock. The Customer Support Center operates a range of services including a telephone hotline, teleservice, on-site service and maintenance to support our customers during operation of their systems and equipment and to help them increase their productivity.
- More than 400 team members at our locations in Europe, the Americas and Asia are committed to helping you achieve success.
