

ISRA VISION honored for outstanding supplier services in the field of glass

Darmstadt, Germany, May 31, 2023 – ISRA VISION GmbH was honored by the Chinese company Hunan Shaohong Special Glass Co., LTD. (Shaohong) with "The Best Supplier Award". With this award, Shaohong honors the outstanding services and delivery times of the company in the field of glass.

"We are very pleased about the award," says Tomas Lundin, Managing Director of ISRA VISION GmbH and President of the Machine Vision Solutions Division. "Our aim is to always offer our customers the best possible service. The award underlines our high quality standards and spurs us on to continuously optimize our performance."

Shaohong is active in the field of thin glass and produces TFT-LCD substrate glass, which is used in display manufacturing. ISRA VISION supplies the customer with the [Flat Panel Master System](#) (FPM), an inspection system that checks the glass quality and ensures that defects such as bubbles, stones or scratches can be detected and corrected during the production process. In this way, ISRA VISION supports the customer in meeting the high requirements of display manufacturing and in continuously improving production quality.
